

Rhyme time: Flutter flutter little bat

Sing to the tune of *Twinkle Twinkle Little Star*.

Flutter, flutter little bat,
How I wonder where
you're at.

(cross your hands and flutter them)

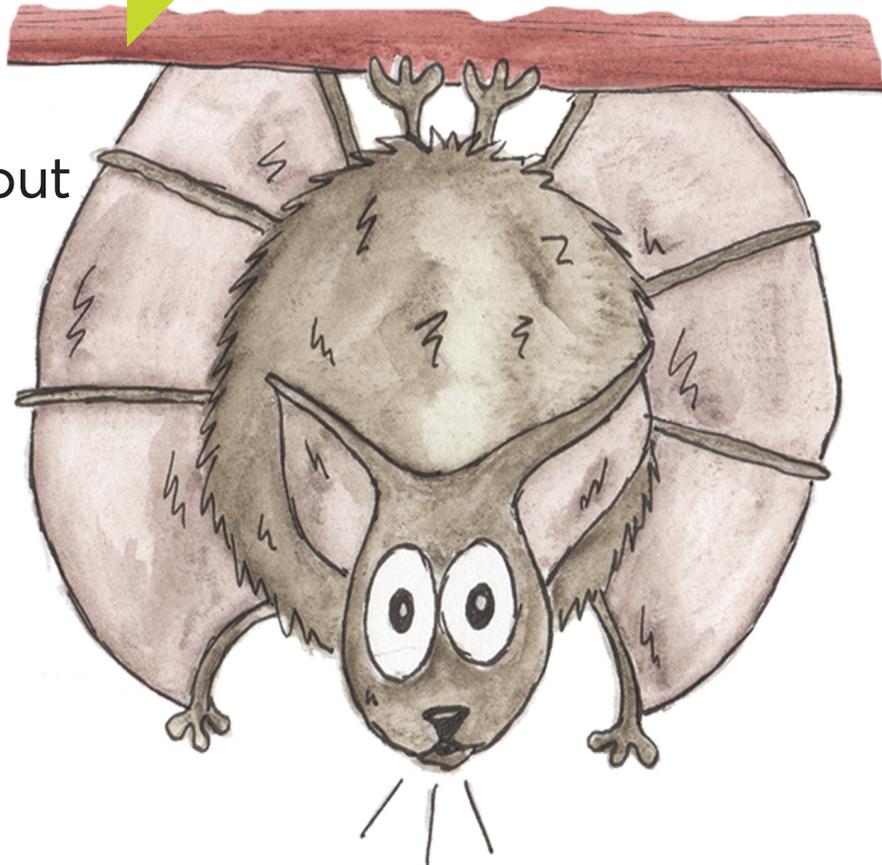

Swooping through the
darkest night -
You find your way without
a light.

(swoop your hands down)

Flutter, flutter little bat,
How I wonder where
you're at!

(flutter your crossed hands)

Reciting or singing nursery rhymes is a great way to develop children's rhyme awareness.

Don't forget:

This is a lovely
rhyme for
Halloween.
